# Tantra International

<http://www.tantrasolarenergy.com/>

We are manufacturer, trader and supplier of a superior range of **Solar Products** like Solar Panels, Solar Power Plant, Solar Street Light etc. that are useful for saving electricity.

## About Us

We, **Tantra International**, incepted in the year **2007**, are well established manufacturer, trader and supplier of an extensive range of **Solar Products**. The superior range of products we offer is procured from certified vendors in the market and finds wide application in various industries. With the help of our vendors, we also provide customized solutions to our clients and carry out turnkey projects as well. Our organization is supported with advanced infrastructure facility that enables us in conducting all the activities in a systematic manner. We also have huge and capacious warehouse, which is located near by **JNPT Port, Navi Mumbai (India)**, and allows us to meet the urgent requirement of clients within a committed time frame. Furthermore, to understand the exact requirement of our clients, we also conduct market research and surveys. We work under the guidance of our **Mentor, Mr. Ram Agarwal**, who has vast experience in this domain. With his support, we offer an extensive range of products at market leading prices. To make a hassle free transaction with us, we also provide easy modes of payment to our clients. Moreover, owing to our quality conscious approach, timely delivery services and industry leading prices, In addition, we have also made our **Annual Turnover amount Rs. 7.5 Crore.**
